But God has helped me to this very day. So I stand here and give witness to both small and great. Acts 26:22

Dear Friends!

Children Activities

Our beneficiaries had a special **Oral Hygiene Training** by SPUR Africa in November. They were taught the importance of talking care of their teeth and how to brush them. To

ensure they put to practice what they were trained they were given two tooth brush and tooth paste each which made them very happy.

Our children were extremely excited to attend a Christian camp at DIGUNA. Some of them gave their lives to Christ and we thank God and pray that they will hold on to their faith. In addition to this they had lots of activities during their stay i.e. attending workshops, group

discussion and showcasing their talents through presentation.

This year we had 14 children who sat for their Kenya certificate of primary Education.

They did well and are awaiting to join high school next year.

Children Food Campaign

Though our main aim is to sponsor children from underprivileged families, of late we have had cases of our beneficiaries failing to go to school due to lack of food at their homes mostly because of the low income, and unemployment of their parents and guardians. As a result of hunger some of them resort to the streets to beg for food and pick pocketing.

SPONSOR A CHILD

Winston an 18 year old boy living in south Nyanza with his mother and siblings. All his siblings are in primary school, his mother is their sole provider since his father is handicapped and therefore cannot work due to his condition. His mother who is illiterate farms, fetches water from the river upon request for people. Winston would like to be supported with school fees so that he can be able to join high school, to further his education and hopefully become an architect so that he can build a nice home for his family.

Construction

We thank God for the progress with our constructions. We are still praying for funds since we have six units that are not yet completed which will cost 6000 Euro each. Each apartment will be rented out for 350 Euro which means we can educate 7 children per unit from our waiting list. Please pray with us!

Merry Christmas from Kenya
