## ***Education is Freedom!***

**RealStars** is a Christian non-profit organization dedicated to empower less privileged children through education. We experience every day that education can change a child's life. Not only do we take the children to school but we also ensure they receive mentorship through our social workers who walk along their way.

Education is a tool that can lift these children from their seemingly hopeless situation of poverty. It is one of the greatest gifts that one can give to a child, a gift that can never be taken away!
